24 HOUR EMERGENCY SERVICE

Website: www.foxbroselectric.com
e-mail: fox@foxbroselectric.com

REMINDER – We provide 24 hour emergency service. Call our shop phone (615-893-0542) any time. After hours calls will be taken by our answering service and forwarded to the person on call. If that person cannot address the issue, he/she will contact someone who can.

WE HAVE E-MAIL – You can send an e-mail to fox@foxbroselectric.com and it will be forwarded to the appropriate personnel. If you know who you wish to contact, here are some of our direct e-mail addresses.

Kristy Roberts, Sales Manager:
kroberts@foxbroselectric.com

Johnnie Davis, Sales:
jdavis@foxbroselectric.com

Eric Broadrick, Sales:
ebroadrick@foxbroselectric.com

Randy Lewis, Service Manager:
rlewis@foxbroselectric.com

Clark Miller, Electrical Contractor Supervisor:
cmiller@foxbroselectric.com

Debbie Willeford, Office Manager:
dwilleford@foxbroselectric.com

If you're not sure who to e-mail, just send it to fox@foxbroselectric.com and it will be forwarded to the appropriate personnel.

MOTOR IDENTIFICATION – When you are looking for a replacement motor there are some characteristics about the motor that will assist us in addressing your needs.

1. Is the motor AC or DC?
2. If it's AC, is it 1 phase or 3 phase?
3. Horsepower
4. RPM
5. Enclosure
6. Frame Size
7. Voltage(s)
8. Amperage(s)
9. How does it mount?
Base, face, or both?
10. What equipment is it used on?
Gearbox, Pump, Blower, etc.
11. Is it a belt, coupling, or direct drive application.

The more of this information you can supply, the better (and quicker) we can help you. Most of this information can usually be found on the motor nameplate. If the nameplate is missing or not legible, we can usually identify the motor if we have it in our shop. In most cases it would still be good if we know 9, 10, and 11 above.

DON'T PROCRASTINATE: Spring and Summer will be here before we know it. Swimming Pool Pumps, Spa Pumps, and other seasonal equipment will soon be started up. Don't wait until the last minute. Let us service this equipment **BEFORE** you need it.
